In reference to the funds received from the US Treasury, the Tribal Business Council and I are actively planning for various projects, purchases and uses, allowable under the guidelines, with the tribal membership in mind. Should you have suggestions feel free to contact the Chief Executive Officer to request for quick survey to be able to submit your idea(s) appropriately.

In closing, I just want to thank you all for continuing to keep our Reservation COVID-19 free. As of today's date, there are no confirmed cases here. And, it is only with the dedication and assistance of you all that we are able to make this report. I urge you all to continue to follow all restrictions and guidelines for the protection of us all.

Sincerely,
