May 22, 2020

COVID-19 Community Information

As of Thursday, May 21: 45-Total tested for COVID-19, 45-Negative, 0-Pending

Pharmacy (Temporary) Medication Pickup Change

Effective Tuesday, May 26, 2020

Pharmacy medication can now be picked up at the window just before entering the OCHF on the west entrance. There will be a sign right by the window where your medication can be picked up.

**For med pick up, you will be asked the following: Chart # and Name on Record.

**If a family member/friend picks up your meds, these 2-questions will be asked for identification.

**For pick up of controlled medications, the patient must come into the OCHF and sign the signature pad.

Remember, you should call pharmacy first at 775-757-2403, ext #4311 for your medication refill order. Allow 24-hours from your med refill order before you pick up your medication.

Note: Paper refill lists will no longer be accepted due to risk of transmission of COVID-19. Refill requests need to be verbal, preferably by phone or, if needed, in person at our pick up window.

Purpose for Change: To improve the medication pick up process during the COVID-19 pandemic and allow patients to pick up without having to come inside the clinic during this time.

Please call the OCHF at the following #s before coming for services:

Outpatient:	(775)757-2403	extension #4237
Pharmacy:	(775)757-2403	extension #4311
Dental:	Emergencies Only, Sign in at scheduling: 8:00-8:30am M,T,W,&F	
Behavioral Health:	(775)757-2403	extension #4241

Please practice SOCIAL DISTANCING, STAYING HOME and WASHING YOUR HANDS.
